## PROFESSIONAL SUMMARY

I'm a highly-organized, patient-focused, compassionate Certified Nurse Practitioner with years of experience providing clinical care for patients while managing a team of nurses and overseeing clinical operations. I'm currently looking for a position where I can use my skills towards improving patients' health in new and exciting ways.

## EDUCATION

### **Columbia University School of Nursing New York, NY**

Master of Science, Advanced Practice Nursing — 2014

Bachelor of Science, Nursing — 2012

### **University of California, Davis Davis, CA**

Bachelor of Arts, Sociology — 2009

## PROFESSIONAL EXPERIENCE

### **Independent Nurse Consultant, San Francisco Bay Area, CA**

*June 2018 — Present*

- Provide nursing support and treatment for children with developmental delays, sensory processing disorder, and behavior problems in the form of education, therapy, and care coordination.
- Support parents in understanding treatment plans developed by specialists across multiple disciplines.
- Provide sensory exposure therapy and behavioral management while diligently tracking therapeutic progress.

### **New Alternatives for Children, Inc., New York, NY**

*June 2016 — June 2018*

Director of Nursing, Nurse Practitioner

- Provided clinical care in-office and via phone for medically complex children, adolescents, and young adults.
- Made referrals to community providers, coordinated care and services, and assisted families in navigating their health insurance coverage.
- Educated patients and their families on complex disease processes and treatments, and provided supportive resources, including patient advocacy.
- Worked collaboratively with a multidisciplinary team with clinical, social work, and agency staff to ensure patients received the highest quality care.
- Completed clinical training program in reproductive health, becoming proficient in LARC insertion.
- Managed a team of 12 nurses providing case management services to children with medical complexity.
- Developed and implemented new programs in tandem with the Medical Director to improve patient care including onsite contraceptive dispensing and administration of vaccines.
- Standardized clinical processes to ensure maximum efficiency and compliance with local, state, and federal regulations, including HIPPA compliance.
- Successfully transitioned to new Director of Nursing while working remotely for 3 months.

Director of Medical Services, Nurse Practitioner

- Independently managed the medical needs of 400+ children placed in foster care with Forestdale.
- Delivered primary care services to children, young adults, and their families through office visits and telephone triage.
- Identified gaps in care for each patient and referred to appropriate providers and services.
- Advocated for patients, coordinated their medical care and services, and provided community resources.
- Educated patients, foster parents, and staff members on a broad range of health topics.
- Ensured compliance with local, state, and federal healthcare regulations, prepared for audits by regulatory agencies, and managed all support staff in my department.
